

**WISCONSIN EMERGENCY MANAGEMENT**  
**Badger HSEEP--Core Capabilities Activity Tasks**  
 March 11, 2017 **Revised**

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Access Control and Identity Verification</b>	(2015) Apply and support necessary physical, technological, and cyber measures to control admittance to critical locations and systems.	Protection	+ Implement and maintain protocols to verify identity and authorize, grant, or deny physical and cyber access to specific locations, information, and networks
<b>Community Resilience</b>	(2015) Enable the recognition, understanding, communication of, and planning for risk and empower individuals and communities to make informed risk management decisions necessary to adapt to, withstand, and quickly recover from future incidents.	Mitigation	+ Coordinate community preparedness & participation + Implement, exercise, and maintain plans to ensure Continuity of Operations (COOP) + Conduct Continuity of Operations (COOP) and Continuity of Government (COG)
<b>Critical Transportation</b>	(2015) Provide transportation (including infrastructure access and accessible transportation services) for response priority objectives, including the evacuation of people and animals, and the delivery of vital response personnel, equipment, and services into the affected areas.	Response	+ Direct evacuation and/or shelter-in-place protection operations + Activate evacuation and/or shelter-in-place protection operations + Implement evacuation orders for general population + Implement in-place protection procedures + Coordinate delivery of vital response personnel, equipment, and services into the impacted area + Assist re-entry + Demobilize operations + Direct and coordinate provision of evacuation transportation + Direct and coordinate provision of re-entry transportation
<b>Cybersecurity</b>	(2015) Protect (and if needed, restore) electronic communications systems, information, and services from damage, unauthorized use, and exploitation.	Protection	+ Implement protocols to ensure the security, reliability, integrity, and availability of critical information, records, and communications systems & services + Implement protocols to detect malicious activity and to conduct technical & investigative-based countermeasures and mitigation
<b>Economic Recovery</b>	(2015) Return economic and business activities (including food and agriculture) to a healthy state and develop new business and employment opportunities that result in an economically viable community.	Recovery	+ Direct economic and community recovery operations + Assess and prioritize recovery needs + Provide monetary relief + Provide non-monetary relief + Demobilize operations

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Environmental Response/Health and Safety</b>	(2015) Conduct appropriate measures to ensure the protection of the health and safety of the public and workers, as well as the environment, from all-hazards in support of responder operations and the affected communities.	Response	<ul style="list-style-type: none"> <li>+ Conduct environmental health operations</li> <li>+ Assess Environment Hazards</li> <li>+ Monitor/Respond to Environmental Hazard</li> <li>+ Conduct responder safety and health operations</li> <li>+ Identify safety/PPE needs and distribute PPE</li> <li>+ Monitor responder safety and health</li> </ul>
		WMD, Hazardous Materials Response and Decontamination	<ul style="list-style-type: none"> <li>+ Conduct site management and control</li> <li>+ Identify the problem</li> <li>+ Conduct hazard assessment and risk evaluation</li> <li>+ Select personal protective clothing and equipment</li> <li>+ Conduct information management and resource coordination</li> <li>+ Implement response objectives</li> <li>+ Conduct decontamination &amp; clean-up/recovery operations</li> </ul>
<b>Fatality Management Services</b>	(2015) Provide fatality management services, including decedent remains recovery and victim identification, working with local, state, tribal, territorial, insular area, and Federal authorities to provide mortuary processes, temporary storage or permanent internment solutions, sharing information with mass care services for the purpose of reunifying family members and caregivers with missing persons/remains, and providing counseling to the bereaved.	Response	<ul style="list-style-type: none"> <li>+ Conduct fatality management operations</li> <li>+ Conduct on-scene operations</li> <li>+ Conduct morgue operations</li> <li>+ Manage ante mortem data</li> <li>+ Conduct victim identification</li> <li>+ Conduct final disposition</li> </ul>
<b>Fire Management and Suppression</b>	(2015) Provide structural, wildland, and specialized firefighting capabilities to manage and suppress fires of all types, kinds, and complexities while protecting the lives, property, and the environment in the affected area.	Response	<ul style="list-style-type: none"> <li>+ Activate firefighting operations &amp; support</li> <li>+ Assess site</li> <li>+ Conduct firefighting operations &amp; support</li> <li>+ Search scene &amp; rescue</li> <li>+ Contain and control</li> <li>+ Conduct overhaul operations</li> <li>+ Conduct cause &amp; origin investigation</li> <li>+ Demobilize operations</li> </ul>
<b>Forensics and Attribution</b>	(2015) Conduct forensic analysis and attribute terrorist acts (including the means and methods of terrorism) to their source, to include forensic analysis as well as attribution for an attack and for the preparation for an attack in an effort to prevent initial or follow-on acts and/or swiftly develop counter-options.	Prevention	<ul style="list-style-type: none"> <li>+ Prioritize chemical, biological, radiological, nuclear, and explosive material collection and analysis to assist in preventing initial or follow-on terrorist acts</li> <li>+ Prioritize biometric collection and analysis to assist in preventing initial or follow-on terrorist acts</li> <li>+ Prioritize digital media and network exploitation to assist in preventing initial or follow-on terrorist acts</li> </ul>

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Health and Social Services</b>	<b>(2015)</b> Restore and improve health and social services capabilities and networks to promote the resilience, independence, health (including behavioral health), and well-being of the whole community.	Recovery	<ul style="list-style-type: none"> <li>+ Restore impacted health and social services networks to provide for the impacted community needs</li> <li>+ Identify critical areas of need for health and social services, as well as key partners and at-risk individuals in short/long term recovery</li> <li>+ Restore &amp; improve the resilience and sustainability of the health and social services networks</li> </ul>
<b>Housing</b>	<b>(2015)</b> Implement housing solutions that effectively support the needs of the whole community and contribute to its sustainability and resilience.	Recovery	<ul style="list-style-type: none"> <li>+ Implement, restore &amp; improve housing strategies in response to at-risk hazard consequences</li> </ul>
<b>Infrastructure Systems</b>	<b>(2015)</b> Stabilize critical infrastructure functions, minimize health and safety threats, and efficiently restore and revitalize systems and services to support a viable, resilient community.	<p>Response</p> <p>Recovery</p>	<ul style="list-style-type: none"> <li>+ Conduct structural damage inspections &amp; assessment</li> <li>+ Decrease and stabilize immediate life-sustainment infrastructure failure threats to the impacted population.</li> <li>+ Re-establish critical infrastructure within the affected areas to support ongoing emergency response operations, life sustainment, community functionally, and transition to recovery.</li> <li>+ Restore and sustain essential services (public &amp; private).</li> <li>+ Conduct debris removal/management operations</li> <li>+ Develop a strategy for redevelopment of damaged community infrastructure that contributes to resiliency and sustainability.</li> </ul>
<b>Intelligence and Information Sharing</b>	<b>(2015)</b> Provide timely, accurate, and actionable information resulting from the planning, direction, collection, exploitation, processing, analysis, production, dissemination, evaluation, and feedback of available information concerning physical and cyber threats to the United States, its people, property, or interests; the development, proliferation, or use of WMDs; or any other matter bearing on U.S. national or homeland security by local, state, tribal, territorial, Federal, and other stakeholders. Information sharing is the ability to exchange intelligence, information, data, or knowledge among government or private sector entities, as appropriate.	<p>Prevention</p> <p>Protection</p>	<ul style="list-style-type: none"> <li>+ Establish and communicate information needs</li> <li>+ Gather Information</li> <li>+ Anticipate and identify emerging and/or imminent threats through the information gathering cycle.</li> <li>+ Maintain, operate, and staff Intelligence fusion center/process</li> <li>+ Ensure federal, state, local, and private sector partners possess or have adequate connectivity to submit collected information</li> <li>+ Develop analytic products</li> <li>+ Ensure Federal, state, local, and private sector partners possess or have adequate access collected information/intelligence</li> <li>+ Integrate and analyze information/intelligence products</li> </ul>
<b>Interdiction and Disruption</b>	<b>(2015)</b> Delay, divert, intercept, halt, apprehend, or secure threats and/or hazards.	<p>Prevention</p> <p>Protection</p>	<ul style="list-style-type: none"> <li>+ Anticipate, monitor and identify emerging and/or imminent threats</li> <li>+ Deter, detect, interdict, and protect against domestic and transnational criminal and terrorist activities that threaten security of key operational and critical infrastructure sectors</li> </ul>

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Long-Term Vulnerability Reduction</b>	<b>(2015)</b> Build and sustain resilient systems, communities, and critical infrastructure and key resources lifelines so as to reduce their vulnerability to natural, technological, and human-caused threats and hazards by lessening the likelihood, severity, and duration of the adverse consequences.	Mitigation	+ Conduct vulnerability reduction strategies in mitigation and recovery activities.
<b>Logistics and Supply Chain Management</b>  <b>Changed from</b>  Public and Private Services and Resources (Remove)	<b>(2015)</b> Deliver essential commodities, equipment, and services in support of impacted communities and survivors, to include emergency power and fuel support, as well as the coordination of access to community staples. Synchronize logistics capabilities and enable the restoration of impacted supply chains.	Response  Volunteer Management & Donations	+ Activate volunteer/donations management coordinator & staff + Coordinate volunteer tracking & assignments + Coordinate donations collection/management/distribution support operations + Coordinate cash donations to appropriate voluntary organizations + Demobilize volunteer/donations management operations
		Critical Resource Logistics and Distribution	+ Activate critical resource logistics and distribution activities + Conduct short-term needs assessment and inventory + Conduct long-term needs assessment and inventory + Coordinate support response operations + Transport, track, and manage resources & costs + Recover resources (as necessary) + Demobilize operations
<b>Mass Care Services</b>	<b>(2015)</b> Provide life-sustaining and human services to the affected population, to include hydration, feeding, sheltering, temporary housing, evacuee support, reunification, and distribution of emergency supplies.	Response	+ Activate and mobilize mass care personnel and resources. + Establish, staff, and equip emergency general population and functional needs population shelters and other temporary housing options for the affected population. + Shelter companion animals + Establish feeding operations. + Move and deliver resources and capabilities to meet the needs of the disaster victims
<b>Mass Search &amp; Rescue Operations</b>	<b>(2015)</b> Deliver traditional and atypical search and rescue capabilities, including personnel, services, animals, and assets to survivors in need, with the goal of saving the greatest number of endangered lives in the shortest time possible.	Response	+ Activate and coordinate search and rescue operations. + Provide materials/resources as needed to support Search and rescue operational needs. + Conduct search and rescue reconnaissance. + Conduct search and rescue. + Extricate search and rescue victims. + Coordinate medical stabilization of rescued victims.

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Natural and Cultural Resources</b>	Protect natural and cultural resources and(2015) historic properties through appropriate planning, mitigation, response, and recovery actions to preserve, conserve, rehabilitate, and restore them consistent with post-disaster community priorities and best practices and in compliance with applicable environmental and historic preservation laws and executive orders.	Recovery	+ Coordinate activities to protect and mitigate disaster consequences to natural, historic and cultural resources at risk to disaster damage
<b>On-scene Security, Protection, and Law Enforcement</b>	(2015) Ensure a safe and secure environment through law enforcement and related security and protection operations for people and communities located within affected areas and also for response personnel engaged in lifesaving and life-sustaining operations.	Response	+ Conduct public safety and security response operations + Control traffic, crowd and scene + Conduct law enforcement operations
			+ Conduct explosive device response operations + Search and assess site + Render safe onsite + Conduct recovery, removal, and transport operations
<b>Operational Communications</b>	(2015) Ensure the capacity for timely communications in support of security, situational awareness, and operations by any and all means available, among and between affected communities in the impact area and all response forces.	Response	+ Conduct immediate incident alert & notification + Establish and maintain interoperable voice, data and video communications in support of the Incident Command & Emergency Operations Center response & recovery operations
<b>Operational Coordination</b>	(2015) Establish and maintain a unified and coordinated operational structure and process that appropriately integrates all critical stakeholders and supports the execution of core capabilities.	Prevention Protection Response Recovery Mitigation	+ Implement on-site incident Command + Conduct resource management + Develop incident action plan + Execute incident action plan + Evaluate and revise incident action plan (as needed) + Demobilize operations + Activate emergency operations center + Gather and provide information + Identify and address issues + Prioritize and provide resources + Support and coordinate response requirements + Demobilize operations
<b>Physical Protective Measures</b>	(2015) Implement and maintain risk-informed countermeasures, and policies protecting people, borders, structures, materials, products, and systems associated with key operational activities and critical infrastructure sectors.	Protection	+ Coordinate and manage critical infrastructure protection + Identify critical infrastructure/key resources + Assess risk + Establish protection priorities + Implement actions to protect and mitigate potential consequences of risk + Measure protective actions effectiveness

Core Capability	Core Capability Description	Mission Area	Activity Support Tasks
<b>Planning</b>	<b>(2015)</b> Conduct a systematic process engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to meet defined objectives.	Prevention Protection Response Recovery Mitigation	+ Create, train, exercise, evaluate and revise emergency operations plans & procedures + Facilitate effective & timely access to emergency operations plans & procedures 24/7 + Monitor information on local, state, regional and national natural, man-made and technological hazards + Review AAR documentation on local, state, regional and national disaster response for lessons learned
<b>Public Health, Healthcare, and Emergency Medical Services</b>	<b>(2015)</b> Provide lifesaving medical treatment via Emergency Medical Services and related operations and avoid additional disease and injury by providing targeted public health, medical, and behavioral health support, and products to all affected populations.	Response	+ Direct emergency triage and pre-hospital treatment operations + Coordinate w/on-site law enforcement to ensure the incident site has been declared safe for triage operations + Conduct triage treatment and transportation + Demobilize operations
		Epidemiological Surveillance and Investigation	+ Conduct & support epidemiological surveillance and investigation operations + Conduct surveillance and detection + Conduct epidemiological investigation + Manage and monitor containment
		Isolation and Quarantine	+ Conduct & support isolation and quarantine operations + Mobilize personnel & resources to contain disease outbreak + Implement travel restrictions + Implement voluntary or mandatory isolation and quarantine + Demobilize operations
		Public Health Laboratory Testing	+ Direct public health laboratory testing + Conduct sample and specimen management + Conduct detection testing and analysis + Support public health epidemiological investigations + Report surveillance results
		Mass Prophylaxis	+ Conduct & support mass prophylaxis operations + Activate mass prophylaxis + Conduct triage for symptoms + Conduct medical screening + Conduct mass dispensing + Monitor for adverse effects + Demobilize conduct & support of mass prophylaxis operations

Core Capability	Core Capability Description	Mission Area	Activity Support Tasks
<p><b>Public Health, Healthcare, and Emergency Medical Services</b></p> <p><b>(Continued)</b></p>	<p><b>(2015)</b> Provide lifesaving medical treatment via Emergency Medical Services and related operations and avoid additional disease and injury by providing targeted public health, medical, and behavioral health support, and products to all affected populations.</p> <p><b>(Continued)</b></p>	<p>Medical Supplies Management and Distribution</p>	<ul style="list-style-type: none"> <li>+ Conduct &amp; support medical supplies management and distribution operations</li> <li>+ Manage warehouse operations, security, and distribution</li> <li>+ Recover medical resources</li> <li>+ Demobilize operations</li> </ul>
		<p>Medical Surge</p>	<ul style="list-style-type: none"> <li>+ Conduct &amp; support medical surge operations</li> <li>+ Increase bed surge capability</li> <li>+ Maximize medical surge staffing procedures</li> <li>+ Conduct &amp; support decontamination operations (as necessary)</li> <li>+ Receive, evaluate, and treat surge casualties</li> <li>+ Provide surge capacity for behavioral health issues</li> <li>+ Demobilize conduct &amp; support of medical surge operations</li> </ul>
<p><b>Public Information and Warning</b></p>	<p><b>(2015)</b> Deliver coordinated, prompt, reliable, and actionable information to the whole community through the use of clear, consistent, accessible, and culturally and linguistically appropriate methods to effectively relay information regarding any threat or hazard, as well as the actions being taken and the assistance being made available, as appropriate.</p>	<p>Prevention</p> <p>Protection</p> <p>Response</p> <p>Recovery</p> <p>Mitigation</p>	<ul style="list-style-type: none"> <li>+ Manage emergency public information and warnings</li> <li>+ Activate emergency public information, alert/warning, and notification operations</li> <li>+ Establish joint information system/center operations (as needed)</li> <li>+ Issue emergency warnings</li> <li>+ Conduct media relations</li> <li>+ Provide public rumor control</li> <li>+ Demobilize emergency public information and warnings operations</li> </ul>
<p><b>Risk and Disaster Resilience Assessment</b></p>	<p>Assess risk and disaster resilience so that decision makers, responders, and community members can take informed action to reduce their entity's risk and increase their resilience.</p>	<p>Mitigation</p>	<ul style="list-style-type: none"> <li>+ Conduct &amp; update risk assessments that identify localized vulnerabilities and consequences associated with natural, Technological and human-caused threats.</li> </ul>
<p><b>Risk Management for Protection Programs and Activities</b></p>	<p><b>(2015)</b> Identify, assess, and prioritize risks to inform Protection activities, countermeasures, and investments.</p>	<p>Protection</p>	<ul style="list-style-type: none"> <li>+ Coordinate outreach to critical infrastructure sectors and protection elements to ensure their risk management processes identify and prioritize assets, systems, networks, and functions.</li> </ul>
<p><b>Screening, Search, and Detection</b></p>	<p><b>(2015)</b> Identify, discover, or locate threats and/or hazards through active and passive surveillance and search procedures. This may include the use of systematic examinations and assessments, bio surveillance, sensor technologies, or physical investigation and intelligence.</p>	<p>Prevention</p> <p>Protection</p>	<ul style="list-style-type: none"> <li>+ Conduct CBRNE search/detection operations in multiple locations and in all environments, consistent with established protocols</li> <li>+ Detect WMD, traditional, and emerging threats and hazards</li> <li>+ Initiate operations immediately to locate persons and networks associated with imminent terrorist threat or act.</li> </ul>

<b>Core Capability</b>	<b>Core Capability Description</b>	<b>Mission Area</b>	<b>Activity Support Tasks</b>
<b>Situational Assessment</b>	Provide all decision makers with decision-relevant information regarding the nature and extent of the hazard, any cascading effects, and the status of the response	Response	<ul style="list-style-type: none"> <li>+ Conduct information sharing procedures, with supporting technology, at the Incident Command Post and Emergency Operations Center to support development of a common operating picture among stakeholders</li> <li>+ Coordinate with subject matter experts among impacted stakeholders to gather relevant information to assist in response &amp; recovery strategy</li> </ul>
<b>Supply Chain Integrity and Security</b>	Strengthen the security and resilience of the supply chain	Protection	<ul style="list-style-type: none"> <li>+ Direct food and agriculture safety and defense operations</li> <li>+ Conduct surveillance</li> <li>+ Trace suspect products</li> <li>+ Implement control measures for contaminated food products or diseased crops</li> <li>+ Conduct product disposal and food facility decontamination</li> <li>+ Direct animal health emergency support operations</li> <li>+ Conduct animal health epidemiological investigation &amp; surveillance</li> <li>+ Implement &amp; support disease containment measures</li> <li>+ Provide for animal welfare</li> <li>+ Conduct euthanasia/disposal operations</li> </ul>
<b>Threats and Hazard Identification</b>	(2015) Identify the threats and hazards that occur in the geographic area; determine the frequency and magnitude; and incorporate this into analysis and planning processes so as to clearly understand the needs of a community or entity.	Mitigation	<ul style="list-style-type: none"> <li>+ Coordinate identification of entity threats and hazards in collaboration with the whole community of stakeholders</li> </ul>
